Dealing With Meltdowns Phase 2: Prevention Strategies

Wednesday, February 21st
Parent University: 6:30-7:30 p.m.

Cedar City- Iron County school
district building second floor.

Stop those meltdowns before they start!

Often times many meltdowns can be avoided by putting a few prevention strategies in place. Come learn with us about setting events, building positive momentum, using visuals, and promoting communication so you and your child can increase those positive moments together.

For more details, contact Cameron Randall at crandall@kotm.org.
