2nd to approve: Linda

DIBELS scores presented by Linda Marriott. All grades (K-3) have shown excellent growth since the beginning of the year.

Plan for 2018-19

This year's budget was \$49,000, but we were over by \$4,000 so we had \$45,000 to start.

Next year's budget is expected to be \$53,910.

In addition to the current expenditures, there was a discussion on providing Math aides for 2018-19 with the additional funding. The goal is for each teacher Grades 1-5 to have access to a math aide 1 hr/day 2x/week, and for each K teacher to have an aide 30 min/2x week. Voting was unanimous in favor.

Council members would all like to serve for the 2018-19 school year.

Meeting adjourned.
